Nampally, Hyderabad.

Message

I am happy to note that Babu Jagjivan Ram Government Degree College, Narayanaguda, Hyderabad is bringing out its Annual College Magazine **SPANDANA** in four languages. The initiative of the college to bring out an e- magazine is worth mentioning.

A college magazine is a compilation of various literary pieces and reviews of important events and activities conducted by the college. It offers vast opportunities to students to unfold their capabilities and exhibit their creativity. The college magazine also portrays the growth and development of the institution year after year.

I Congratulate the Principal, Staff and Students of BJR Government Degree College for supporting the cause of '**Paper free**', '**Go Green**' campaign and wish the e-magazine great success. I also wish that students of BJR GDC to have a brilliant future ahead. I appreciate the good work done by the college and wish this initiative will keep growing in future.

With best wishes,

Commissioner of Collegiate Education
