'Introduction to Computers' for Teaching Staff

01.04.2019 to 08.05.2019

An Intensive Training Programme was conducted by the Department of Computer Science on *'Introduction to Computers'* for Teaching Staff from 01.04.2019 to 08.05.2019. The staff were trained for one month about the virtual learning methods that enable them to teach more effectively.

Dr. B. Sambasiva Rao, Assistant Professor in Computer Science, was the Resource Person, who gave the participants hands-on training. The programme was meant as a basic tutorial for those teachers who were not very well-versed with ICT skills. It also included training of various teaching aids such as Google Classroom, Digital Boards etc. The participants received hands-on training in various teaching aids and were able to demonstrate whatever they had learnt at the end of the day in the practicums.

Programme on 'Importance of Professional Ethics'

30.04.2019

An Orientation Programme on "*The Importance of Professional Ethics*" was conducted by the IQAC under the guidance of the Principal, Dr. P. Bala Bhaskar, who introduced the Resource Person, to the rest of the participants. Dr. P. Bala Bhaskar spoke about the efforts made by the college in inculcating Human Values and Professional Ethics among the students and staff.

The Resource Person, Professor R. Limbadri, Vice Chairman, Telangana State Council for Higher Education, Hyderabad, spoke about the importance of Professional Ethics and their prime objectives, namely,

- Moral awareness
- Moral reasoning
- Moral coherence
- Moral imagination
- Moral communication

The members of the Teaching and Non-Teaching Staff who participated in the programme were greatly benefited by the inspiring talk of such an eminent personality.

Dr. P.V. Geetha Lakshmi Patnaik, IQAC Coordinator, proposed a vote of thanks.

Orientation Programme/Workshop for Teaching Staff on 'Student-Centred Methodology and Learner Autonomy'

10.08.2018

The IQAC organized an Orientation Programme-cum-Workshop for the Teaching Staff on the topic '*Student-Centred Methodology and Learner Autonomy*' on 10.08.2018. The Resource Person was Ms. P. V. Geetha Lakshmi Patnaik, IQAC Coordinator of the college. Ms. Patnaik is a certified Master Trainer, who was certified as a Master Trainer under the English Language Fellow Programme jointly sponsored by the Commissionerate of Collegiate Education of Andhra Pradesh and the U.S. State Department.

Ms. Patnaik introduced the concepts of SCM or **Student-Centred Methodology** and the need for **learner autonomy**. The differences between the traditional methods of teaching as opposed to the student-centred methods were demonstrated for the benefit of the participants. Student-centred learning puts students' interests first, acknowledging student voice as central to the learning experience. Differences in the role of the teacher in both the methods and the concepts of '*Sage on the Stage*' and '*Guide on the Side*' were introduced to the participants who received hands-on training in some of the methods of SCM, namely pair work, group work, task-based learning, etc.

The workshop was successful in sensitizing the faculty towards the need for adapting to the paradigm shift in education and the need to update teaching skills.
