# **Certification Courses**

**Introduction:** In-order to uplift your career, academic degree alone is not sufficient, under such circumstances it is recommended to opt certification courses. These courses are the one which validates technical expertise of a person regarding the subject. They hold wide scope and open better opportunities for the aspirants.

They are available in different streams. To clear these certifications you need to complete theoretical understanding plus the hands-on experience of services and the topics, included in the course. While completing the graduation or after completion of graduation one can go for certification courses, which indeed will weigh your resume to achieve a better job opportunity in the market.

Objectives: A certification course, is a non-governmental program that does two things:

- 1. Delivers an assessment based on industry knowledge, independent from training courses or course providers.
- 2. Grants a time-limited credential to anyone who meets the assessment standards.
- 3. In some cases a certification examination may be used as a component of either state or national licensure.

# **Outcomes:**

- Gain a competitive advantage- Having trained that your competitors don't can set you
  apart when pursuing jobs. Stay on top of trends and learn how to use that platform or
  resource before it becomes a household name.
- 2. Increase Efficiency
- 3. Increase Earning potential
- 4. Expand knowledge and skills
- 5. Build Professional Credibility

The high nutritional value of mushroom makes it is an ideal source of protein, vitamins and minerals. This alone should be reason enough for the us to encourage its widespread cultivation. Mushroom farming is the practice of growing mushrooms by using minimal space and nutrients.

Mushroom can be grown in different climatic conditions. In Indian conditions, three types of mushroom are grown widely, Button, Oyster and paddy straw Mushroom. Fresh Mushroom has a very short life therefore international trade is primarily in its processed form

#### Outcome:

- The students can gain Hands on experience in the concern topic, and it provides Entrepreneurship.
- Regardless of all of the disadvantages, Mushroom farming is a sustainable farm practice
  that offers a remarkable skill development benefits.
