POLICY ON COLLABORATIONS

Babu Jagjivan Ram Government Degree College is committed to preparing the students to achieve core competencies which will, in turn, help them to face the challenges in the outside world. Therefore, it is the constant endeavour of the institution to bridge the gap between the 'world of work' and the 'world of learning.' It constantly encourages its stake holders to carry collaborative work and knowledge sharing. This can be achieved with the support of academic collaborations, linkages and memorandum of understanding (MoUs) agreements.

Policy Statement:

The departments of the colleges, with the permission of the Principal shall acquire formal linkages, academic collaborations and memorandum of understanding (MoU) with academic, scientific and research bodies. These collaborations shall include knowledge sharing, internship, student-teacher exchange, pursuance of study projects, research and filing of patents. The college shall also organize seminars, workshops and other activities involving the experts from the collaborating institutes. The collaboration shall be active and should make a profound impact towards improvement of college stakeholder knowledge and progression. The principal and teachers of the college shall constantly strive to have adequate collaborations for creating profound improvement in the academic activities and progression of the student community.

Rationale:

Collaboration with academic institution/ industry/other agencies which have social and professional relevance will result in making conventional academic learning become holistic learning. This is possible due to the knowledge sharing of the collaborating entities (external academia and industry). Therefore, after proper identification of the need of collaborative work, the institution college puts its effort in establishing proper collaboration.

Aims:

- To actively seek and carry out collaborative work with the experts of industry and academia
- To bridge the gap between the 'world of learning' and 'world of work'
- To keep the academic activities in a more realistic perspective
- To help in building a better nation

Implementation:

- The department locates the need of the collaboration and accordingly makes all efforts for establishing collaborations with other academic institutions/industries/other agencies, under the supervision of the Principal.
- The collaboration involves the maximum number of students and teachers.
- The progress of collaborative work is constantly monitored.
- Any issue encountered during pursuance of collaborative work is resolved with the support of the Principal.
- The formal documentation of collaboration is kept clear and legal.
